what's essential is inside!

be.
bag

What's inside my be.bag?

Personal items that reflect my personality, they express my choices and taste, they show to the world who I am.

My **be.bag** is plenty of notebooks, a sketchbook and marker pens (for when creativity strikes) to **be.creative**, my laptop and cellphone is always with me to **be.connected**.

For the front pocket, there's always a box of mints, some fruits (to **be.healthy**), sometimes I take my skateboard and water bottle in the side pocket (to **be.sporty**).

Personality is everything that makes you an individual, that makes you different from others. It's everything **INSIDE** of you.

what's essential is inside!

personality that inspires from within.
