# GRM Self-inking Series Office • Stamps

**GRM Office Line stamps** are a compromise between an affordable price, attractive style and reliability of operation. Self-inkers of this line represent the budget segment of GRM stamps, however, this does not mean that Office Stamps are in any way worse as other stamps. The only difference of this product is the simplified construction, designed to reduce the production costs by retaining the necessary stability for durable operation.

**GRM Office Line** includes self-inking round and rectangular stamps in wide color range.

**Stamp pads** are compatible with Colop Printer Line.
